COOPERATIVES & SELF-HELP ASSOCIATIONS DEVELOPMENT PROGRAM
A component program of MISSIO AMARE

PROGRAM OVERVIEW

A program of Missio Amare that promotes the identification of productive ideas and concepts in pursuing opportunities that lead to the improvement of people's social and economic living conditions through organized groups or associations

VISION

A highly effective social program that actively promotes the organization, operation and sustainability of Cooperatives and Self-Help Groups or Associations among the less privileged segment of society who have common needs/goals.

MISSION

To perform the role of an effective partner of both public and private institutions in the organization and operation of need-specific Cooperatives and Self-Help Groups through joint efforts for the benefit of the marginalized sector of society.

OBJECTIVES AND GOALS

- Active partnership with public and private institutions in providing continued knowledge transfer and capacity-building assistance to Cooperatives and Self-Help Associations

- Effective communication and coordination in identifying the needs of people grouped together for a common goal.

- Concrete organization and eventual operation of location and need-specific organizations for the improvement of the lives of their members.

PROGRAM PROJECTS and/or ENGAGEMENTS

- **BarYo SHAP or Barangay Youth Self-Help Association Project** aims to organize selected and deserving youth into youth-managed simple business entity to reinforce and inculcate social values like industry, responsibility and accountability

- One-day Orientation Seminar and Training Project on the **Significance of Self-Help Groups and People's Organization.** This project will create awareness on the value

of being in a group to pursue common social and economic goals in a more visible manner.

- **Cooperative Values and Principles Orientation Project.** This offers an Insight into the internationally adopted and upheld values and principles of cooperatives with the purpose of generating interest in becoming cooperative members.

- **One-day Basic Financial Literacy Seminar Project.** This offers basic knowledge on financial matters and the appropriate use and preservation of financial resources
